## President Aims His Campaign At Northeast

WASHINGTON (AP) — President Johnson aims his campaign at the Northeast today after a swing through the Deep South in which he lectured hecklers, assailed Barry Goldwater by name and promised to seek an end to North-South differences.

Johnson, who is making more and more direct jabs at Goldwater with the election only a week away, speaks tonight in Boston, Pittsburgh and Evansville, Ind., before flying to Albuquerque, N.M., for an overnight stay.

### Heckled In Augusta

The President stumped through five cities in Florida, Georgia and South Carolina Monday. Returning to the White House long after dark, he obviously was pleased about his reception in the South — even though he was confronted in Augusta, Ga., with the most severe heckling of his campaign.

Interrupted several times at Augusta by chants of "We want Barry," Johnson left his prepared text to do some off-the-cuff sermonizing on good manners.

He said: "I was always taught as a little boy when people didn't know any better, and when they made mistakes, and when they were rude, and when they didn't show good manners, to turn your other cheek and say, 'Dear Lord, please forgive them for they know not what they do.'"

Johnson, who smiled through much of the opposition chanting, insisted he didn't feel hurt or angry.

### They'll Be Sorry

"We just feel sorry," he said. "And I think that on Nov. 3 they are going to feel sorry, too."

Earlier, in Macon, Ga., Johnson faced similar but less noisy pro-Goldwater demonstrations that included the waving of outspoken anti-Johnson placards.

There he said: "Some people like to write signs about individuals. And I guess I would do that, too, if I didn't have any issues to talk about. But we do have issues."

The President, who only recently has begun to take direct pokes at Goldwater, did so several times Monday.

At Macon, he mentioned half a dozen votes taken when he was Senate Democratic leader on proposals to increase defense spending.

After each citation, he shouted: "Goldwater voted no and I voted aye."

Johnson suggested that voters judge Goldwater by his deeds rather than his words.

From the President's standpoint, the high point of the day's journey came at Columbia, S.C., where a police-estimated crowd of 60,000 to 70,000 assembled outside the Capitol building of that politically uncertain state to cheer him.

## France To Begin Missile Testing

PARIS (AP) — The Defense Ministry says France will begin tests next year on missiles capable of delivering its nuclear bombs and launching satellites into orbit.

The ministry said it will continue to use Mirage IV jet fighter-bombers to deliver France's atomic bombs until about 1967-68 when the missiles will become operational.

# Bloody Rioting Ends Sudan Military Rule

## Johnson Wants All The Power, Goldwater Says

BRISTOL, Tenn. (AP) — Sen. Barry Goldwater accused President Johnson today of playing upon questions of race, religion and hardship in America in his drive to keep the White House.

The Republican presidential candidate said Johnson wants an election-day mandate to set the nation on what he called a plunge to socialistic ruin.

"He won't be satisfied with just an election — he wants to be crowned," the Arizona senator said. "He wants total trust, total love, total power over your lives."

Johnson is the "most power hungry man in American politics," Goldwater said in a speech prepared for delivery in Bristol.

### Cheered By 18,000

He hopped into the South, with London, Ky., also on his schedule, after a wild, full-house rally in New York's Madison Square Garden.

There — before a crowd of more than 18,000 that cheered 28 minutes before he could start his speech — Goldwater accused Johnson of "political daddysm . . . as old as demagogues and despotism."

It was more of the same today in traditionally Republican eastern Tennessee.

"Somebody," Goldwater said, "and it's got to be you, must tell this man who uses race, who uses religion, who uses hardships, who uses everything and everybody to further his political ambitions . . . somebody must tell him that American votes cannot be bought, cannot be coerced and will not be hijacked."

### No Empty Seats

A self-styled underdog in the election a week away, Goldwater asked Tennessee voters: "Do we want raw and naked power and ambition in the White House? Power stripped of humility, stripped of common honesty, devoid of any morality except the morality of get, the morality of grab, and the morality of gifts for the favored few?"

Goldwater said Johnson's "course is too far left."

"It would lead to a socialist America," he said. "Perhaps presided over by Lyndon Johnson's handpicked successor, Hubert Humphrey, the American politician whose roots are deepest in radical socialism."

Goldwater added: "The pace of this plunge to socialism, this careening, 90-mile-per hour ride to ruin, is a violation of every limit that the majority of Americans want to set."

"On such a ride," he said, "we may never have another chance short of the crack-up which socialism promises and the coddling of communism threatens."

At Madison Square Garden, capacity 18,000, there were no empty seats. Tickets sold for \$2 to \$1,000.

## Progress Slow In GM Return To Production

DETROIT (AP) — General Motors Corp. edged forward today in resuming production of its 1965 model automobiles after its month-long crippling strike.

Progress at best was slow, however. Local plant strikes limited the production rate to a trickle compared to GM's vast potential greatest of the auto industry.

GM's factories in Flint, Mich., a major cog in the nationwide GM complex, apparently led the way. Buick in Flint anticipated full production today.

Flint plants, where Chevrolet cars also are made, recalled an estimated 35,000 employees made idle in the United Auto Workers' strike that began Sept. 25.

GM officials declined to speculate when all 360,000 workers would be back on the job. More than 300,000 were idled in the strike.

Vice President Louis G. Seaton said late Monday he was unable to say when all would return.

"I don't think anyone else can, either," Seaton said.

At the last count 28 UAW bargaining units had yet to set

tle their local issues. These included 15 of General Motors' 23 assembly plants.

One was the important Hydramatic Division at Willow Run, Mich., which makes automatic transmissions for GM cars.

The first new car to come off the line since the resumption of production was at Pontiac, Mich., in the Pontiac Division. Plants in Pontiac and Flint were among the first to get going again.

The Buick plant in Flint, almost self-sufficient, recalled 10,500 of its 15,300 workers today, scheduling final assembly runs.

GM's Flint factories employ a total of 60,000 men.

Thousands of others were recalled at Fisher Body, Chevrolet, Ternstedt, and AC Spark Plug plants.

Chevrolet in Flint was typical, however, of tieup situations still persisting in the national GM picture.

The Chevrolet assembly plant and a Chevrolet parts distribution plant were still on strike, holding back the output of the Chevrolet car at Flint.

## Britain Warns Rhodesia, Near Freedom Revolt

LONDON (AP) — The British government warned Rhodesia's white supremacy government today it would be guilty of treason and rebellion if it declared the East African territory's independence unilaterally.

A strong statement from Prime Minister Harold Wilson's office declared: "Serious consequences would flow from such an act."

The statement apparently was prompted by an announcement Monday in Salisbury, the Rhodesian capital, that a gathering

of 622 African chiefs and headmen had agreed they favor independence from Britain while the country's white minority still has control.

The British government had told Rhodesian Prime Minister Ian Smith previously it would not consider that the chiefs' expression of opinion represented the African majority.

Smith also has scheduled a national referendum Nov. 5 in which the largely white electorate presumably will vote emphatically for independence now. Smith then is expected to demand freedom from Britain, with the threat of declaring independence unilaterally if refused.

The British government has been trying unsuccessfully to get the Rhodesian government to agree to a new constitution promising the African majority ultimate control.

## Kremlin Trying To Revive Unity

MOSCOW (AP) — The Kremlin's new leaders pressed their campaign today to restore unity in the European Communist world in the aftermath of Nikita Khrushchev's ouster.

The government newspaper Izvestia aimed an appeal at the Soviet Union's East European allies, warning in a front-page editorial that further economic progress in the bloc will require stronger unity.

Izvestia made no mention of Red China and the bitter dispute which split it from the Soviet Union. The appeal apparently sought to quiet unrest that has swept the East European nations since Khrushchev was dumped Oct. 14 as premier and first secretary of the Communist party.

Izvestia did not name Khrushchev, but it repeated assurances that his policies of de-stalinization and economic progress would be continued by party leader Leonid I. Brezhnev and Premier Alexei N. Kosygin.

## Milwaukee Road Car On Fire At Republic Depot

REPUBLIC (AP) — A fire in the baggage car of the Milwaukee Road's Copper Country Limited Monday caused damage estimated at \$3,000 by Republic fire chief Herbert Anderson.

Volunteer firemen of this Upper Peninsula mining town cut a hole in the steel wall of the car in order to use their fire hose on the blaze when unable to open a car door.

There were no injuries. The fire was burning as the train pulled into the depot here on its run from Chicago to Calumet. The cause of the fire was not determined.

## Students Stone U.S. Embassy; Clashes Kill 10

KHARTOUM, Sudan (AP) — After five days of bloody rioting, President Ibrahim Abboud promised Monday night to end the military's six-year rule of the Sudan. Opposition political leaders called off a general strike scheduled today.

Abboud set no date for the end of military control but in a broadcast promised progress toward a government "acceptable to all citizens."

His first move was to take full power personally, dissolving the ruling Supreme Military Council of eight generals and the Cabinet. Abboud was chairman of the council, which seized power in a bloodless coup Nov. 17, 1958.

### President Respected

There was no immediate indication whether other military leaders would bow to Abboud, who also is commander of the army and widely respected.

The president said he would call the legislature into session to consider protests made during disorders in Khartoum and adjoining Omdurman and North Khartoum.

Ten persons were killed and about 100 injured in the rioting, according to unofficial estimates. No Americans were among the casualties, although university students stoned the U.S. Embassy and attempted to burn it over the weekend.

Abboud's radio address appeared to go as far as possible toward satisfying the rioters without impugning the army.

He recalled his regime had announced a plan last year — which opposition leaders called a smokescreen to retain power — calling for "a sound political system."

Now, Abboud said, he had a smokescreen to retain power "as a first step toward accelerating the attainment of our required goal."

Sudan, lying immediately south of the United Arab Republic, had been an independent parliamentary republic 34 months when the British-trained Abboud first seized power.

During the period of parliamentary rule, Sudan had been plagued with political snarls, corruption and ineffective government.

## Juvenile Crime Blamed On TV

WASHINGTON (AP) — A Senate subcommittee contended today that televised crime and violence is a direct cause — though not the only one — of juvenile delinquency.

In an interim report, the subcommittee said:

"On the basis of expert testimony and impressive research evidence, a relationship has been conclusively established between televised crime and violence and antisocial attitudes and behavior among juvenile viewers."

But it tempered its comments by stating that it did "not believe that television is either the sole or most significant cause of juvenile delinquency."

Sen. Thomas J. Dodd, D-Conn., chairman of the subcommittee to investigate juvenile delinquency, said that the findings are significant because "each day more than 25 million children 12 and under look at television," spending "on the average, more time watching television than they do in either school or church."

At the subcommittee's most recent hearings, the report added, network representatives "were now prepared to admit, in very general terms, that there was some kind of relationship between televised violence and the molding of children's attitudes and behavior."

## Romney Begins Blitz Drive To Garner Votes

By The Associated Press

Gov. George Romney returned to reelection campaigning today after an absence of 48 hours from the field of action.

The Republican chief executive, home again in Michigan following a day in Massachusetts, set out on his Southern Michigan "blitz" drive for votes.

On the national level, the GOP vice presidential candidate, William E. Miller, was scheduled to make his first Michigan campaign appearance tonight with a speech before the Detroit Economic Club.

Including Sunday, during which Romney eschewed politics in accordance with his policy, the governor had been away from the campaign a full two days.

### Staeble Shakes Hands

(In Boston, Romney said at a news conference that a defeat of GOP presidential nominee Barry Goldwater could be beneficial to the Republican party.

"A reverse is not always a bad thing in terms of long term result," he said. "Victory doesn't always produce the best result."

(Romney has withheld his personal endorsement of Goldwater.)

Romney's Democratic rival, U.S. Rep. Neil Staeble, continued his metropolitan Detroit area quest for ballots following a handshaking Ford factory visit in Dearborn Monday.

Staeble, observing "I can feel the first touches of abrasion," shook an estimated 5,000

## British Foreign Secretary Sees Top US Officials

WASHINGTON (AP) — President Johnson confers today with the foreign secretary of Britain's new Labor government to lay a basis for future U.S.-British cooperation despite some policy differences over Red China and the handling of nuclear weapons within the North Atlantic Treaty Organization.

Foreign Secretary Patrick Gordon Walker was scheduled to meet with Johnson following a morning session with Secretary of State Dean Rusk and other State Department officials.

The British official, who arrived here Sunday, was scheduled to wind up his Washington visit with a midafternoon news conference at the British Embassy.

### Plug For Peking

He was expected at that time to spell out the Labor government's views in some detail on outstanding world issues, including its assessment of the government shakeup in the Soviet Union and the significance of the Chinese Communist explosion of a nuclear test bomb earlier this month.

Gordon Walker is reported to have told Rusk in the course of meetings in the State Department Monday that Britain believes that Peking's entry into the nuclear weapons field makes admission of Red China to the United Nations more necessary than it was before. Nevertheless, Rusk and Gor-

don Walker reportedly agreed there was no prospect that Red China would gain entry to the United Nations at the forthcoming session of the General Assembly. They also agreed, officials said, that it probably would be desirable in view of the government change in the Soviet Union to delay the opening of the General Assembly meeting until around Dec. 1.

### More Talks In Future

Rusk reportedly argued against the line that the Red Chinese explosion made the U.N. membership issue more urgent. He is understood to have insisted that any action by other nations which could be interpreted as a reward for Communist China's aggressive policies would tend to make the Peking regime more difficult to deal with and encourage a hostile attitude toward the West.

The U.S. attitude toward the new British government's concern with the handling of nuclear weapons within the Western alliance is said to be one of readiness to consider whatever specific proposals will be advanced.

Gordon Walker and Rusk started talking about this complex of problems late Monday and authorities indicated that a great deal more discussion between the two governments and with other allies will be necessary before the Labor party leadership's ideas take precise form.

## Families Leave U.S. Base In Cuba

WASHINGTON (AP) — Nearly half the American women and children living at Guantanamo when Cuba shut off the naval base's water supply last winter have returned to the United States, the Navy reported today.

The U.S. family population of Guantanamo totaled 1,747 as of Oct. 1. Last February it stood at 2,994. All dependents are expected to be gone by February 1966.

Gradual removal of dependents of American naval and civilian personnel was ordered Feb. 11 as one of a number of measures designed to make the base self-sufficient.

Several days earlier Fidel Castro shut off Guantanamo's

fresh water source in retaliation for U.S. seizure of some Cuban fishermen who had strayed into American waters. Less than a month later, Castro offered to turn the water back on but the United States spurned that offer.

To make the base independent of outside water sources, the government ordered construction of three plants for converting salt water to fresh, with a daily output of 2.2 million gallons.

Two of the three plants have been finished and are producing 1.5 million gallons a day, the Navy said. The third plant is on schedule and due to be in business in mid-December.

As a result, Navy tankers which had been shuttling back and forth between Florida and the Guantanamo base for seven months have been relieved. In all, they hauled more than 293 million gallons of fresh water to the base.

Families leave the base as their menfolk finish two-year tour periods. New men are sent to Guantanamo on one-year tours, without their wives and children.

The military population of the base is 4,125 men, plus 154 U.S. civilian workers.

## Judge Holbrook Reports State Learning Of Appeal Court

Judge Donald Holbrook, Michigan people are much more informed about the new Court of Appeals than before the primary, says Circuit Judge Donald E. Holbrook, of Clare, a nominee for the court in the 3rd District.

Before the primary, he said very few people knew about Michigan's new court. "Since the primary," he said on a campaign visit to Escanaba today "I find a lot of interest and people are happy to find out about it."

"The state is divided into three districts, each of which will elect three justices to the new court, which will be created in January. The places to hold court will be Detroit, Lansing, Grand Rapids and Marquette.

"Detroit is in the Wayne County District of the Court, Lansing is in the 16 county District 2 and Grand Rapids and Marquette are in the Third District, which comprises 66 counties, including all 15 counties in the Upper Peninsula.

"This court will be a busy court, handling appeals from all final judgments in the circuit courts, Recorder's Court (Detroit) and the Court of Claims.

"It will be very important to the average citizen because it will provide easier appeals and less expensive appeals. It also will be very important because the great majority of cases that are reviewed will find their final decision in this court."

Judge Holbrook is on a four day tour of the Upper Peninsula which started Monday at St. Ignace. He has been an active trial lawyer and circuit judge for 32 years in Michigan. For the past 16 years he has served as circuit judge of Clare, Isabella and Midland counties downstate and has also been a

visiting judge in many other circuits.

Upper Peninsula voters will ballot for justices of the Court of Appeals on the non-partisan ballot. It lists District 3 Democratic nominees Maurice Black, Robert B. Burns and Austin J. Doyle, and Republican nominees John W. Fitzgerald, Donald E. Holbrook and Allan C. Miller. While they were nominated in state party conventions, their names appear on the ballot without party affiliation.

Delta County voters will also ballot on the non-partisan ballot for Circuit Judge Bernard H. Davidson and Probate Judge Marie D. Peters, neither of whom is opposed for reelection.

## Cambodia May Break With U.S.

SAIGON, South Viet Nam (AP) — The Defense Ministry charged today that Cambodia sent three air force planes to strafe and bomb a Vietnamese border area in the Plain of Reeds.

The Cambodian government warned that it will sever diplomatic relations with the United States and recognize North Viet Nam and the Viet Cong's National Liberation Front if American and South Vietnamese forces commit further "aggression" against Cambodia.

Cambodia broke diplomatic ties with South Viet Nam last year. Prince Norodom Sihanouk threatened several times to break with the United States.

The South Vietnamese Defense Ministry said that the Cambodian planes shot up an area a mile or so from where American Special Forces Capt. Herman Y. Towery was allegedly seized by Cambodian troops last week and later found dead.

## Girl, 14, Hurt In Car-Bike Traffic Mishap

A 14-year-old Danforth girl was reported in "good" condition today at St. Francis Hospital after she was hit by a car while riding her bicycle late Monday afternoon.

Anita Ann Hughes, daughter of Mr. and Mrs. Andrew Hughes, Rte. 1, Escanaba, suffered head injuries and bruises when she was struck from behind at the Five Corners intersection, Wells township, by a car driven by Charles A. Dietrich, 715 S. 10th St., Escanaba, Sheriff's deputies reported.

Dietrich was driving south on Co. Rd. 412 and hit the rear of the bicycle as the girl was crossing at the intersection, deputies said.

Deputies ticketed Dietrich for failure to exercise due care and caution at an intersection.

He also spoke to a Wayne State University faculty group in Detroit and to a Negro group of older people.

Mr. and Mrs. Chester Fronczak

## Dora Fronczak Still Hopes For Baby's Return

By PEGGY BRYSON

Mrs. Chester Fronczak is 29 years old today . . . but it's a day remembered for a sadder occasion by the former Dora Vuksan of Wells. It was exactly six months ago that her only child, Paul Joseph, was taken from her arms at Michael Reese Hospital in Chicago.

Her infant son was only 37 hours old on the afternoon of April 27 when a woman dressed as a hospital nurse came into her hospital room where she was feeding Paul Joseph and said the baby was to be returned to the nursery for examination. The woman took the child and Mrs. Fronczak has not seen her son since.

Since that time an extensive search of the city has been conducted by the Chicago Police Department and FBI agents. Every possible lead has been exhausted, numerous suspects were questioned and released but no trace was found of the baby or kidnaper.

Chicago police still have detectives assigned exclusively to the case and keep in touch with the Fronczaks on their progress.

Rewards totaling \$20,000 were offered jointly by a Chicago newspaper and a businessman but they too failed to bring results.

The most substantial lead came from Chicago taxicab driver, Lee Kesley who told officials that a woman with a baby had entered his cab that afternoon and let her out at 35th St. and Union Ave. on the south side, about two miles from the hospital.

Description from the cab driver, Mrs. Fronczak, her hospital roommate and others who glimpsed the kidnaper helped an FBI artist sketch a portrait said to be a remarkable likeness of the woman. The sketch was given nationwide distribution.

She is described as about 40 years old, five feet, four inches tall, 140 pounds, ruddy complexioned, light color eyes and straight hair tinged with grey. Police have theorized the kidnaper was possibly a mentally unstable woman who had either recently lost a child or was unable to have any.

Mrs. Fronczak is the youngest of 10 children of Mrs. Rosa Vuksan of Wells. Her sister,

Mrs. Joseph Bartol, Rte. 1, Gladstone, says that the grief-stricken couple have kept a courageous attitude during the past six months.

"They both have been an inspiration to all of us," said Mrs. Bartol. "We marvel at the faith and maturity they have displayed in accepting the burden they were brought to bear."

"I visited with them the week after the baby was taken and they were very strong even then. I think at that time they felt that the baby would be returned soon and that helped them some. Dora was so grateful to all the people who wrote letters to them expressing hope and sympathy . . . (they received over 300 letters from all over the country) . . . it was a big help to them knowing that other people cared."

"They visited here about six weeks ago and still expressed a deep hope for the baby's safe return," she added.

The Chicago Tribune reports the most recent feelings of the broken hearted young couple: "When she left Michael Reese for the couple's three-room apartment at 3033 40th Pl. last May, Mrs. Fronczak was wan and emotionally torn. Since then, she has made a valiant effort to adjust. She seems to stand taller. Her eyes are brighter. Her cheeks have color."

**May Be Safe**  
She goes out—to the store, with her family with her husband, Chester, 33. For months, she couldn't tear herself from the apartment because she hoped the phone might ring with the longed for message: "The baby is safe."  
"Time has helped to strengthen her. But it doesn't heal, Mrs. Fronczak says.  
"It has helped in making adjustments to daily living, but not in adjusting to the loss of the baby, she said.  
"Seated in her bright, pretty, clean apartment, Mrs. Fronczak can smile and talk easily—until the subject of her son comes up. Then she speaks slowly and tears are not far away.  
"I only hope the good Lord may make her change her mind, sometime, somehow, and let him be returned," she said. "She still is unable to understand how the woman in white could have taken her son, how any human being can steal another's child."

**What Type Person?**  
"I wish she would stop and realize—if she wants a child so much—how the mother of that child must feel, she said.  
She worries about the home he is in if that type of woman still has the boy.  
"I just keep hoping my son doesn't have to grow up in that kind of atmosphere, she said.  
"In Mrs. Fronczak's bedroom, a crucifix still hangs above Paul Joseph's photograph, which was taken in the hospital when he was a few hours old. The crucifix was made for Mrs. Fronczak by the Poor Clare sisters, a cloistered Roman Catholic order at 5245 Laflin St.  
"And in St. Joseph and St. Anne's church at 2751 38th Pl., the Fronczaks' parish church, a vigil light burns."

## Store Front Clinic Here

"Store Fronts", a film on store front modernization, will be presented by H. G. Lind, Chicago district manager of the Kawneer Co. at a store modernization workshop to be held at the Escanaba Chamber of Commerce building Wednesday at 7:30 p. m.

The workshop is sponsored by the Escanaba banks and the Retail Division of the Chamber. Harry Wittwer of the Kawneer Co., will assist Lind.

"Financing Your Modernization Project" will be covered by Edward Moersch, executive vice president, Escanaba National Bank; John L. Greene, executive vice president, First National Bank; and Forrest Henslee, executive vice president, State Bank of Escanaba.

"Tax Aspects and Advantages" will be discussed by John Tackman, Tackman & Ducheny, CPA firm.

Owners of business, retailers, contractors, and property owners are invited to the meeting, which is open to non-members as well as members of the Chamber, said Chamber Manager Walter Lewke.

## Musical Program Given At Kiwanis Meeting Monday

Vocal and instrumental music featured the entertainment program of the Escanaba Kiwanis Club meeting Monday. The soloists included two girls who attended the Interlochen music camp this year, Betty Hanson, vocalist, and Ann Beck, pianist. Miss Hanson, who was an Upper Peninsula music festival winner this season, had Mrs. M. H. Garrard Jr. as her accompanist. A trio composed of Jack Foster, cello; Mrs. Arol Beck, violin; and Arol Beck, piano, concluded the program, which was arranged by Mr. Beck.

## Greenwood Sells Schaffer Store To Oren Farrell

SHAFER — Altona Greenwood today announced the sale of his grocery store on Highway M 69 here to Oren (Jack) Farrell of Hardwood.

The new owner formerly operated a store at Hardwood. Mr. and Mrs. Greenwood purchased the store from Nelson LaBonte 16 years ago. They will retain the Schaffer post office in the same building. The Greenwoods have resided the past six years at 2411 S. 23rd St., in Escanaba. Their two sons, James and Rodney, are school teachers in downstate Greenville and Algonac.

stand how the woman in white could have taken her son, how any human being can steal another's child.

"I wish she would stop and realize—if she wants a child so much—how the mother of that child must feel, she said.  
She worries about the home he is in if that type of woman still has the boy.  
"I just keep hoping my son doesn't have to grow up in that kind of atmosphere, she said.  
"In Mrs. Fronczak's bedroom, a crucifix still hangs above Paul Joseph's photograph, which was taken in the hospital when he was a few hours old. The crucifix was made for Mrs. Fronczak by the Poor Clare sisters, a cloistered Roman Catholic order at 5245 Laflin St.  
"And in St. Joseph and St. Anne's church at 2751 38th Pl., the Fronczaks' parish church, a vigil light burns."

## Voters To Elect 5 Non-Partisan Judges Nov. 3

The non-partisan section of the ballot to be received by Michigan voters on Nov. 3 will have something new in the state's history—provisions for the election of a nine-judge intermediate appellate court.

Three of these nine judges will be elected from a district comprising most of the state's area (including the Upper Peninsula); three will come from the metropolitan area in southeast Michigan; and three from Wayne County.

Purpose of the court is to provide faster settlement of appeals which now clog the docket of the state supreme court and lower courts, and handle the expected larger number of criminal conviction appeals.

**Court Of Appeals**  
The new constitution grants one appeal "as a matter of right" in criminal cases, where before the supreme court had to give its consent.

The court will have its central office in Lansing, and will be organized into three geographic districts. Three justices will preside in each district to make up the nine-member court. The judges will draw \$23,000 a year salary and will take office Jan. 1.

The term of office is six years, but the constitution calls for staggered terms, so the legislature provided that in this election the nominee in each district with the greatest number of votes will have a 10-year term, the second highest an eight-year term, and the third place winner a six-year term.

The thought behind creation of the new appeals court is that most criminal appeals, divorce case appeals, civil lawsuit appeals, and so forth, will be settled at the level of the appeals court, leaving the supreme court freer to deliberate constitutional questions.

**No Opposition**  
There are 66 counties in the circuit of which the Upper Peninsula is a part. The judges in this huge district will "ride circuit"—moving from one circuit courthouse to another to hear cases awaiting them.

There are six candidates for the three judgeships in District No. 3 of which the U. P. is a part. They are:

Maurice Black of Saginaw, Robert E. Burns of Grand Rapids, Austin J. Doyle of Hickory Corners, John W. Fitzgerald of Grand Ledge, Donald E. Holbrook of Clare and Allen C. Miller of East Tawas.

The three receiving the highest vote will be elected.

Still on the non-partisan ballot, voters will elect (both without opposition) a judge of Delta-Marquette Circuit Court and a judge of the Delta County Probate Court. Both are six-year terms.

Judge Bernard H. Davidson of Negaunee is candidate for reelection to the Circuit Court bench. Judge Marie D. Peters is without opposition for reelection to the Probate Court.

Americans spend 19 per cent of their income for food today, compared to 23 per cent 10 years ago, according to Agriculture Department reports.

## U.P. State Capitol

Purchase by the State of Michigan of the State Office Building in Escanaba is an example of the honesty of Lansing's intention to tie the two peninsulas of Michigan together more closely.

Gov. George Romney presented a check for a quarter million dollars to the City of Escanaba for the building. It's doubtful that the state ever got a better bargain in a facility.

The building was constructed in 1955 at a cost of \$332,000 by the City Council of Escanaba, acting as trustees of funds left by the will of Mrs. Catherine Bonifas for the construction of three facilities. She left \$100,000 each for a youth center, city-county building and state building.

The circuit court approved a proposal for borrowing of the other funds to erect a state office building and it was done in 1955. G. Arntzen Architect & Co. of Escanaba designed the building and Contractor Erling Arntzen constructed it. It would cost \$100,000 more to put up the same building today.

It is a gracious building, one of the prides of Escanaba's new governmental mall at the end of Ludington St., a conference center as well as a center of state government offices for the Upper Peninsula. And it has potential for expansion to a site covering a full block.

Escanaba is strategically located in the center of the Upper Peninsula for government services and it is a hub of transportation services as well. The concentration of government offices here serves both economy and efficiency in state government as Upper Peninsulans are able to do here many things which — if the U. P. State Capitol were lacking — would have to be done in Lansing. The U. P. public takes a big advantage and economy from the State Office Building services here.

The creation of this building and the long effort to have the state acquire it is a triumph of public planning and trusteeship. The project got its implementation from the will of Mrs. Catherine Bonifas. Her gift of \$100,000 for the project, under the recommendation of her public-minded counselor, John A. Lemmer, made it possible.

City Manager Arthur V. Aronson and City Engineer Loren Jenkins, City Attorneys Denis McGinn and James Fitzharris, Mayor Harlan Yelland and Councilmen Robert LeMire, Wesley Hansen, Jacob Bink and Edward Cox all helped create and implement the plan for the trusteeship.

Once the building was created the long effort for state adoption began and the council and city officials served it well. Gov. Romney credited active legislative aid of Rep. Einar Erlandsen (D-Delta) and Rep. Clifford Perras (R-Menominee-Dickinson) and of the Legislature in acquiring the building for the state.

George Harvey has succeeded Arthur Aronson as city manager, John G. Erickson is city attorney and the council has members who have joined it since the creation of the building. They include Harold Vanlerbergh, George Rusch, Glen Moreau and H. George Nelson. In between, other councilmen gave the project their support. Frank Bourke, city controller, wrapped up the fiscal details for the city and the hopes of many years have come true.

Governor Romney recalled at the ceremonies marking the state take-over of the building that he had participated in the first U. P. inaugural of a governor at the building last year. His leadership in the project is a part of his larger concern for maximum Michigan state government effort to help the Upper Peninsula be a more important part of Michigan.

The wheels of government — like those of the gods — grind slowly, but they have ground out an impressive triumph for planning here. It is an occasion for the planners and it is also a forceful lesson in the effective use of seed money like that \$100,000 that Mrs. Bonifas left to the state.

Now there'll be another stanza or two as the trustees of the bequest grapple with projects for a youth center and a city building.

## The Doctor Says: Colitis And Comfort

**By Dr. Wayne G. Brandstad**

**Q** — What are some of the symptoms of colitis? Can anything be done for it?

**A** — The commonest form of colitis — mucous colitis — is characterized by the passage of loose stools that contain recognizable mucus. There are also frequent cramps that travel from side to side throughout the abdomen, a good deal of abdominal gurgling, heartburn and an excessive amount of gas in the bowels. It is often impossible to relieve this condition until the underlying tensions and conflicts are resolved. Meanwhile, the victim will be more comfortable if he cuts out all bran, cooked and raw vegetables and fruit, nuts, jams and concentrated sweets. On such a diet it is necessary to take vitamin supplements. A short course of tranquilizers may also help.

**Q** — My husband has been drinking heavily for several years. He gets pains in his back. Will alcohol affect his pancreas?

**A** — Although alcohol, if taken to excess, has an adverse effect on the brain and liver there is no evidence that it is the direct cause of any disease in other organs including the pancreas. Before the discovery of insulin, alcohol was widely used in the treatment of diabetes, a disease in which the pancreas fails to put out enough of its internal secretion.

**Q** — My husband has a whitish ring on the outside of the iris of his eyes. His sight is good. What causes the ring and is it serious?

**A** — This condition is known as arcus senilis because it is seen chiefly in people of advanced age. It occasionally oc-

## Washington Comment

**By BRUCE BLOSSAT**

ON TOUR WITH MILLER AND HUMPHREY — (NEA) — The two big vice presidential sideshows have to be put down thus far as of uncertain value.

The over-all costs appear headed for enormous heights. Party strategists may wonder when it is all over whether it might not have been wiser to limit the travels of Democratic nominee Hubert Humphrey and GOP nominee William Miller — with more money channeled toward electing senators, governors and congressmen.

Humphrey is going about the nation with two prop jets, one mainly for himself and staff, the other for the press and VIP extras. Miller is getting by with a single prop jet. But these are expensive ships. In 1960, President Lyndon B. Johnson, then the Democratic vice presidential nominee, used a prop jet for a while but gave it up. Neither his GOP counterpart, Henry Cabot Lodge,

nor the two presidential nominees used anything so costly, except for Richard Nixon's one jet trip to Hawaii.

Politicians argue, of course, that there is always good political point in having any top party nominee show up to help spark the local troops. They accept "second best" if they can't get the presidential bid candidate, as is always the case in many cities and towns.

Yet some reports this fall suggest that the current heavy touring by the No. 2 men is bringing a good deal less than a dollar's reward for a dollar spent.

A swing with the two candidates indicates certainly that the visible rewards are not uniformly impressive. Crowds at airport outdoor rallies and curbside are often skimpy, sometimes good.

If it were not for the fact that Miller and Humphrey constantly tout their respective No. 1 men and blast away at their rivals, one could easily feel he is looking upon candidates in some obscure Senate race.

The reports filtering in on Miller have been especially rough. Some GOP party men, contrary to the evident general rule, are said to be hopeful he will not visit their areas.

Not all of these are moderates, as one might imagine. Miller's rapier thrusts are occasionally upsetting even to conservative leaders.

On the other hand, a state chairman in a mountain state says: "Things have been looking better for Goldwater here for about the last three weeks. I date the upturn from the time of Bill Miller's visit."

The better-known Humphrey generally tends to outdraw Miller, who captured little national attention before his nomination despite his tenure as Republican national chairman. Nevertheless, when the two men appeared in the public square at Reading, Pa., within two days of each other, the difference in crowd size was not great.

When the bills are all in for these fairly lavish forays, they cannot help but suggest that there must be cheaper ways to fire up the troops in the field. While Miller and Humphrey are prop-jetting around the country on a usually crowded, multistop schedule, nominees for lesser but still important offices are moaning for money. In the Republican camp the cry is an absolute wall, with a heavy undertone of anger.

The endless split-week road shows for presidential nominees seem an inescapable part of the country's political habit patterns. But there has to be a serious question whether each party really needs to send a second company, nearly as costly, out on the circuit to fill in the spots the big fellows miss.

## Trout Eggs Are Incubated For Lake Superior

A crew of Michigan Department of Conservation and Fish and Wildlife people have taken approximately 7.5 million lake trout eggs from the brood stock kept at the Marquette Hatchery since Sept. 21, according to Regional Fish Biologist James A. Scully, Department of Conservation. It is expected the job will be completed by Oct. 25, when over 10 million eggs should have been stripped and fertilized from the lake trout held at the Marquette Hatchery.

Six million eggs have been shipped to the Federal Jordan Valley Hatchery in Lower Michigan for incubation. For the most part the fish will later be released in Lake Superior. This project was first begun in the fall of 1954. When the project is completed early next week, approximately 4,300 female lake trout will have been stripped of more than 10 million eggs.

Two hundred and forth thousand lake trout eggs have been fertilized with the sperm of the brook trout to produce splake, according to Russ Robertson, Marquette Fish Hatchery superintendent of the Department of Conservation. These fish will be released in trout lakes in about one and one-half years as legal and sub-legal trout.

The airman is a graduate of Escanaba Area High School. His wife, Susan, is the daughter of Mr. and Mrs. Walter Eagle of Brampton, Mich.

## Military Cutoff Won't Wreck State

EAST LANSING—The anticipated gradual decline in military spending will not deal any crippling blows to the Michigan Economy.

The Michigan Economic Record of Michigan State University points out: Defense expenditures account for less than 3 per cent of total personal income in Michigan, and most of this income is generated through industries which could easily produce the same or similar goods for civilian consumption.

"Companies in Michigan that produce for the military have only a minor fraction of their business in the defense market, differentiating Michigan industry from highly intensive military economies."

## Ann Landers

# Hubby Ashamed Of Wife's Shape

Dear Ann Landers: I am a young married woman who has a serious problem. My husband and I were married last year. We are expecting our first child in eight weeks.

A month ago we were invited to a party. I wanted to go but my husband made all sorts of excuses, so we stayed home. Two weeks ago there was an office party that he didn't even tell me about. I felt hurt when I learned of it. He said he "forgot."

Last night I wanted to go to a movie and he said "No." I decided then and there to have it out with him. Finally he confessed that he was ashamed to be seen with me "in my condition." He thinks pregnant women should not appear in public after they begin to show.

I'm so hurt I don't know what to do. Please print my letter and your advice. — DON'T WANT TO HIDE.

Dear Don't: Your husband is a plenty mixed-up kid.

What a pity that he fails to appreciate the beauty and the miracle of a new life in the making. It will take more than a word from me to straighten him out. I hope your doctor can do it.

Dear Ann Landers: Please put this letter in the paper so parents will realize that THEY are sometimes a problem.

I've been in 4-H Club work for five years and it's the greatest. Something happened recently to spoil it all for me.

I am showing horses this year for the first time. My Mom and Dad were both professional horse show people and they are determined to teach me, in one year, everything they learned in their entire lives.

They have pushed so hard that it wouldn't be ME winning if I did win. It would be THEM winning.

I have talked this over with some of my friends in 4-H and they are having the same problem with their parents.

Please, Ann, give us a hand. We need it. — OHIO TEEN.

Dear Teen: I spoke to several thousand 4-H'ers in Indiana just last summer and I can vouch for the quality of the members of your organization. They ARE the greatest. Maybe I should have addressed the parents instead, if what you say is true.

# Mary Hanley Bride Of Dwaine R. Menard

Gold and bronze mums and pompons were arranged in the altar vases of St. Patrick's Church Saturday for the wedding of Mary Patricia Hanley, daughter of Mr. and Mrs. Roger Hanley, Lake Shore Road, and Dwaine R. Menard of Milwaukee. The bridegroom's parents are Mr. and Mrs. Harry Menard, 327 S. 12th St., Escanaba.

Father Thomas Coleman solemnized the double ring ceremony and celebrated the 9

a.m. Nuptial High Mass. A breakfast for immediate members of the two families was served at the Dells Supper Club. Honor attendants for the couple were Bonnie Jean Menard, sister of the bridegroom, and Thomas Hanley, brother of the bride. Ushering duties were performed by Harry Menard Jr.

The bride's gown of acetate peau de soie was styled with a scoop neckline with Alencon lace applique, long sleeves ending in points over the hand and an A-line floor length skirt accented by a tailored bow at the back waist. A pearl crown held her fingertip veil. She carried a colonial styled bouquet of yellow sweetheart roses and white carnations.

The honor maid was attired in an autumn green sheath with silk organza overskirt and her headpiece was of matching shade. Her flowers were a cluster bouquet of bronze and yellow mums and pompons.

Mrs. Hanley chose a blue wool suit with taupe accessories and the bridegroom's mother was attired in a beige brocade suit with brown accessories. Both mothers had corsages of fall shades of mums and like corsages were presented the bridegroom's grandmothers, Mrs. Walter Menard and Mrs. Antone Green.

The couple will live in Milwaukee at 1579 N. Farwell Ave. The bride attended Bay de Noc Community College following her graduation from Holy Name High School. Mr. Menard is an Escanaba Area High School graduate.

# Miss Lenz Of Germany Bride Of James Gagner

Announcement is made of the wedding of Ingeborg Lenz, daughter of Mr. and Mrs. Hens Lenz of Cologne, Germany, and James Gagner, son of Mr. and Mrs. Lawrence Gagner of Kip-lign.

The wedding took place Oct. 3 in Detroit.

The newlyweds left Sunday for their home in Taylor, Mich., after vacationing at their cottage on Wilsey Bay and at the home of the bridegroom's parents.

# PTA Council Meeting Held At Ford River

The regular meeting of the Escanaba Area PTA Council was held at the Ford River School last evening. Mrs. Leo Niquette, president, informed members of the meaning and purpose of the PTA Council.

The resignation from Mrs. Merrill Carlson, 1st vice president, was accepted. Mrs. Tom Brayak was designated to take her place. The Founder's Day committee was appointed as follows: publicity, Ford River; hospitality, Jefferson; school count, Soo Hill; social, Pine Ridge, Junior High; silver, Washington; program, Webster. This event will take place Feb. 17.

Tom Hughson, 7th grade teacher at the Junior High, has offered to present an informative and interesting program to any organization, it was announced. It consists of a film entitled "Our Schools Have Kept Us Free." The film is 30 minutes in duration and the entire program lasts 45 minutes. Those interested are asked to contact him.

Glenn Gamble, Junior High teacher, will present a 12-minute public relations talk regarding the MEA to all PTAs who wish it. The status of the inactive Junior High PTA was discussed and it was suggested any interested parents contact the Junior High office.

PTA units were urged to form publicity committees to educate their own area parents in information relative to the current school millage election. The social committee was Mrs. Richard Shilney, Mrs. Reinhold Bittner, Mrs. John McMahon and Mrs. Malcolm Flodin.

The next meeting Jan. 25 will be at the Soo Hill School.

# Senior Citizen Party Wednesday

A Halloween party will feature the regular meeting of the Senior Citizen Social Club to be held Wednesday at 7:30 p.m. at Club 314. Those who wish to attend in costume are invited to do so. A special lunch is planned for the party and regular entertainment will follow.

CAMPAIGN SPEECHES preceded mock elections in the girls' department at Holy Name High School this week. President Johnson is represented by (center) Mary Buckbee at the political assembly of the Senior girls sociology

class. Pictured (from left) are Colleen Dailey, Jeanne St. Martin, Miss Buckbee, Sharon LeMay, Pat Butler and Mary Pat Ray.

## LBj 'Elected' At Holy Name

President Johnson polled 454 votes to Barry Goldwater's 268 for the office of president in a mock election held among Holy Name High School students Monday.

Popular vote of the entire student body also gave Gov. Romney 268 votes and Neil Staebler 247 votes. Students voted by parties or for the individual candidates of their choice and the balloting was confined to the offices of U. S. president and of Michigan governor.

Purpose of the mock election was to teach students how to perform the voting act, both as a duty and right. The senior girls' sociology classes under the direction of Sister M. Adelle S. N. D. staged the elections. The voting machines were provided for the balloting with the cooperation of City Clerk Don Guindon.

Jeanne St. Martin and Sharon LeMay were in charge of the mock campaign which took place among the senior girls prior to the elections.

Participating in the campaigning speeches were Mary Buckbee as President Johnson, Mary Pat Ray as Humphrey, Pat Butler as Staebler, Mary Dobija as Goldwater, Cecelia Williams as Miller, and Colleen Dailey as Romney. The girls voted by states according to the Electoral College count.

## Increase Noted In Radioactivity Over 7 States

WASHINGTON (AP) — The Public Health Service reported slight increases Monday in the radioactivity of the air over seven states.

These increases, the PHS said, were "consistent with the recent Chinese nuclear testing." The PHS said the increases, recorded in Hawaii, Alaska, Washington, Oregon, Montana, South Dakota and Wyoming, were far below what the government considers a dangerous level.

## John Anthony Resigns From School Board

W. John Anthony, president of Anthony & Co. has resigned from the Escanaba Area Public School Board of Education, School Supt. Luther Barrett announced today.

Appointment of a successor by the board has not been announced.

In a letter of Oct. 23 addressed to Dr. Vernon Johnson, president of the board, Anthony said:

"Please accept my resignation as a member of the Escanaba Area School Board. I submit this resignation reluctantly. However, my efforts to expand our plastic packaging business make extremely heavy

demands on my time and make necessary frequent business trips from Escanaba. Under these circumstances I cannot give to the Area School Board the time and attention I feel it is entitled.

"I have very much enjoyed my participation and my association with the members of the Board. I support fully the program of education for which the board is working and certainly hope for a successful solution to the problems which face our Escanaba Area Schools."

Anthony's resignation leaves the board — facing a first magnitude financial crisis — with six members for its public meeting at 8:30 tonight at William W. Oliver Auditorium in the Junior High School.

Elected last June, Anthony served about six months of a four-year term.

A successor — to be named by the board — will serve until June, 1965, when an election to fill the remaining three years of Anthony's term will be held.

The terms of Jack Manning and Dr. William Hemes also expire next year, leaving the board with three vacancies to be filled in the June election.

## U.P. Development Guide Proposed

Dr. E. V. Bowden, executive director of the Upper Peninsula Committee on Area Progress, told the Iron River Kiwanis Club luncheon meeting Monday that the Iron County area shouldn't follow a "beggar-my-neighbor" attitude in its quest of new industries.

"If Iron County wants more income and employment for its residents," said Bowden "one of the obvious ways to go about getting it is to try in every possible way to nibble away at the slices of the neighboring counties. But the folly of this approach is obvious. If all of us spend our time nibbling away at each other we will wind up with a lot of energy frittered away, a lot of ill feeling and nothing of significance accomplished by anybody."

"If 'beggar-my-neighbor' is wrong, what is right? Get together with your neighbors and work together to expand the total size of the pie. Certainly people in Iron County are going to be more interested in the economic betterment of Iron County than

they are in Dickinson County or Marquette County. I'm not saying you shouldn't fight to get new sources of income in your own area. You should. But your fight should be concentrated on fostering development or activities that will amount to a net addition, not only to the Upper Peninsula economy, but to the economy of the Midwest.

"There are certain development problems and opportunities which are bigger than any one county. In these areas UPACAP must take the responsibility for providing the initiative and undertaking the action. This we are doing."

"Even though you call UPACAP, you may wind up working more closely with Bill Wilson of Operation Action — U.P. or with Aarne Ervast (Michigan Department of Economic Expansion) or Tom Angeli (Area Redevelopment Administration) or someone else, than you do with UPACAP. The kind of help you need will determine the particular agency or individual who can best assist you."

## Jr. Achievers Pick Officers

Three companies of Junior Achievement in Escanaba last night completed their official organization with the election of vice presidents of manufacturing and sales, and they now concentrate their efforts toward production to meet pre-holiday markets.

Except for some appointive positions, the firms are now virtually complete in their personnel. There will be, according to the JA program, an election in February at which new officers may be elected for the rest of the work year, explained Dwayne Burak, JA manager.

"This provides the opportunity for the young men and women to gain a wider experience in the operation and administration of business under the private enterprise system," he said.

The officers of the three companies and their products are:

**Hescon** — Manufacturing a serving mat and basket. Kenneth Kaim, president, Sue Collins, secretary, Virginia Deroun, treasurer, Tom Thorin vice president in charge of manufacturing, and Cecelia Williams, vice president in charge of sales.

**Jifco** — Producing jiffy brushes and Christmas coasters. Charles Londo president, Marsha Fraddo secretary, Darlene Gustafson treasurer, Dave Moersch vice president manufacturing, Joan Allard vice president sales.

**X-Co** — Manufacturer of lint removers. John Vandevill, president, Sue Taylor secretary, Barbara Heminger treasurer, Joe Counineau vice president manufacturing, and William Mineau vice president sales.

## Taxpayers Assn. Favors Millage For Bridge Fund

At a general membership meeting Monday evening, the Escanaba Area Taxpayers Association went on record as favoring the proposed one-half mill for five years to be voted Nov. 3 for use by the Delta County Road Commission in replacing obsolete bridges.

It was agreed that the bridges have through lack of funds been neglected and few replacements made, and that it is time that the program of bridge replacement be accelerated.

## Garden Carnival Friday Night

## Tax Collections In Escanaba At 93.9% Of Levy

The collection of city taxes in Escanaba through the penalty-free period Oct. 15 totaled \$379,914 or 93.9 per cent of the total levy, it is reported from the office of City Clerk Don Guindon.

The city tax levy total is \$404,807 and unpaid as of Oct. 15 is \$24,893 or 6.2 per cent.

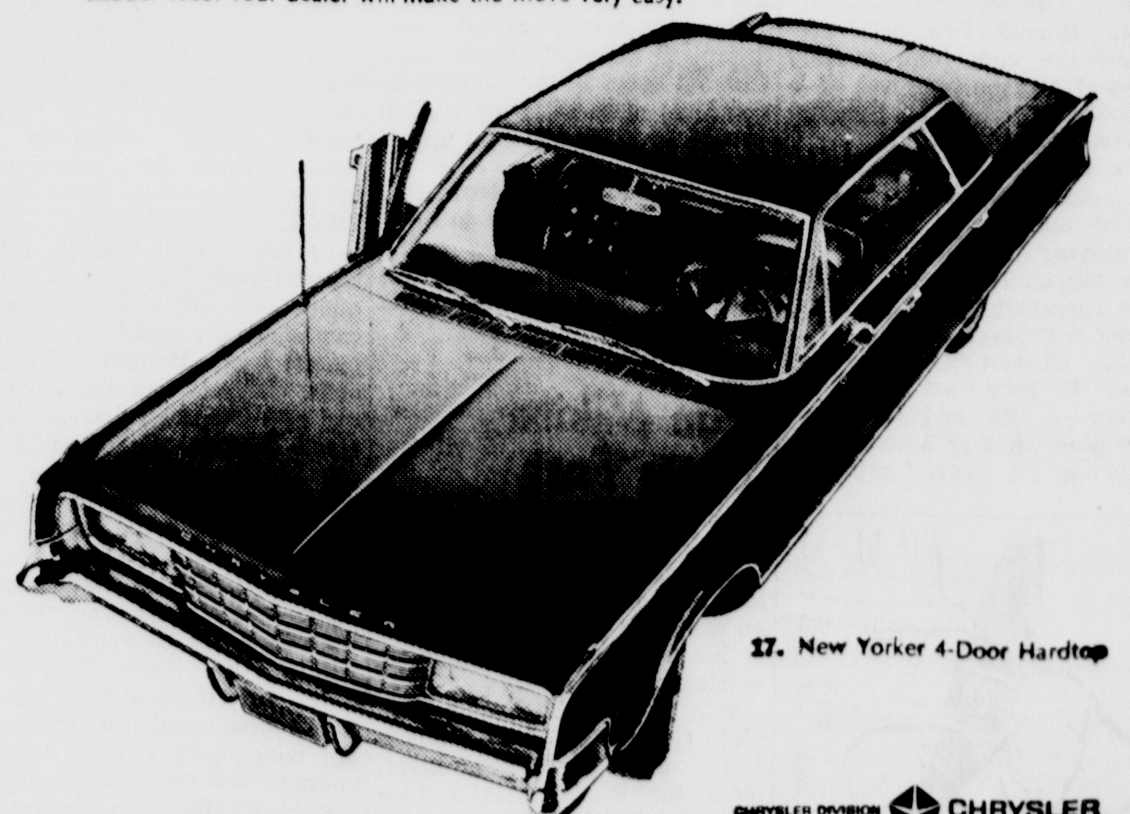

Following custom, the City Council had extended the penalty-free deadline for payment of city taxes to Oct. 15. The delinquent taxes are now due and payable with a 4 per cent penalty.

Preble, Escanaba's final football foe of the season Saturday, scored an impressive 34-0 victory over Marinette last weekend. The riled up Hornets chewed up 353 yards on the ground and held the Marines to 4 yards rushing and 80 passing. Preble will carry a 5-1 record into the game against Esby.

Superior East captured its first Michigan-Wisconsin Conference grid crown in history by defeating Bessemer 45-12. The Orientals, playing their final season in the NW conference before consolidation ends their membership, have won all five of their league starts. The setback was Bessemer's fourth against four victories.

The Soo Blue Devils scored two touchdowns in the final 22 seconds to check Marquette, 19-12, in a Great Lakes Conference hair-raiser. Trailing 12-6, the Blue Devils got their chance when Joe Howie intercepted a Redman pass with three minutes to go. They drove it home with Pat Russo diving into the end zone with 22 seconds left to tie the score at 12-12. Marquette fumbled on its own 40 and on the following play Pat Russo tossed a bomb which George Piliakas snatched at the goal line with three seconds remaining.

Junior quarterback Barry Pierson scored one touchdown on the ground and set up two others with long passes as St. Ignace blanked Rudyard, 18-0. That gave the Saints a season record of six victories in eight starts to go with their first Straits Huron conference championship.

Iron River closed out its best football season since the undefeated 1954 campaign by beating Norway, 27-13. Coach Al Sandona's Redskins won seven of their eight starts. Against Norway, quarterback Dane Dominici fired three touchdown passes to Jim Johnson, Dick Wales and Bob Goodzwill. The lanky junior hit on 8 of 14 passes for 180 yards.

Houghton's Gremlins captured their third straight Copper Country Conference crown for Coach Juan Mentink with a 21-6 decision over L'Anse. Houghton has won 18 straight CCC games under Mentink, a former Gremlin athlete. John Juntikka, Bill Bernard and Tom Ala scored the Houghton touchdowns as the Gremlins ran their overall record to 7-1.

Crystal Falls, operating in the CCC for the first time this fall, finished second in the final standings with its 29-7 record over Hancock. The Trojans' only setback in conference action came at the hands of Houghton's champions by a 7-6 margin in the season opener. Dave Campana and Jerry Bartolini each scored two touchdowns against Hancock.

Pickford clinched a share of the Eastern Conference grid championship with a 21-0 victory over Cedarville. Quarterback Roger Hever scored on a 1 yard sneak and tossed a 26 yard TD pass to Gene Thompson to pace Coach Ken O'Connor's Panthers.

Gary Gignac scored four touchdowns to lead Menominee to a 30-19 victory over the crippled Stephenson Eagles. The Maroon halfback hit paydirt on runs of 61, 22 and 8 yards and caught a scoring pass covering 47 yards. Coach Ken Hofer of Stephenson, having trouble fielding 11 players because of a rash of injuries this fall, called on two of his student managers, Bob Mellinger and Jerry Rasner. Mellinger scored one of the Stephenson touchdowns on a 6 yard pass from Dave Dush.

Ironwood, another team riddled with injuries, closed out its first losing season in seven years by dropping a 13-0 decision to Ashland. The Red Devils, who entered the game without the services of five players who had suffered earlier injuries, lost fullback Ed Tafelski and halfback Frank Verbois with hip and leg injuries during the contest.

Wakefield clinched second place in the Michigan-Wisconsin conference final standings with a 13-6 nod over Hurley. Jerry Maki and Roger Koski tallied the touchdowns that gave the Cardinals a final 4-1 conference record.

# Kingsford Keeps Top Spot In State Ranks

By The Associated Press  
East Lansing and Elsie claimed No. 1 spots in two of the three classes in this week's high school football poll conducted by The Associated Press.

East Lansing, after running second to Bay City Central the past three weeks, took over first place in Class A. Bay City was held to a tie by Midland last Friday.

Elsie (6-0) emerged as the leader in Class C-D which underwent a no other shakeup. There were nine changes in Class C-D, and three teams finished in a deadlock for ninth place.

The AP's statewide panel of sports writers and sportscasters retained Kingsford (8-0) as the best team in Class B.

But Albion, after whipping previously Hillsdale, and Cadillac moved into contending positions by taking second and third, respectively.

Traverse City took over second place in Class A, and is just nine points back of East Lansing.

Flint Central moved into third, Bay City Central placed fourth and Lansing Everett stayed in fifth.

Detroit Southeastern, Kalamazoo Central and Muskegon replaced Lincoln Park, Grosse Pointe and Grand Rapids Catholic in the Class A top ten.

Cadillac, Buchanan and Manistique round out the top five in Class B which has only one

newcomer, St. Louis which placed eighth.

Elsie and Middleville, both 6-0, duelled for first place in C-D, with Elsie getting the nod by eight points.

Watervliet advanced six places in C-D to take over third place. St. Charles improved by four positions to take fourth.

Akron-Fairgrove finished in fifth, three places lower than last week. Portland, last week's leader, tumbled to sixth.

Fennville and Flint St. Mat-theu are the new teams in Class C-D.

The voting, with points based on 10 for a first-place vote, 9

for second, etc., through 1 point for a 10th place vote:

## Buckeyes Retain First Place In College Ratings

By The Associated Press

Ohio State would like nothing better than to celebrate the 10th anniversary of its last national football championship by winning the title again.

Now past the halfway point in quest of that honor last achieved in 1954, the unbeaten Buckeyes are at the top of The Associated Press major college rankings for the second straight week.

Ohio State, with five victories, received 32 of the 47 first-place votes and a total of 439 points as the Top Ten remained fairly static. The only changes from last week's standings were made in the lower four teams.

Second-ranked Notre Dame and third-ranked Alabama provided the Buckeyes with their only real opposition for the top spot, but the two undefeated teams had a tighter battle between themselves.

Alabama, 6-0, earned eight first-place votes to Notre Dame's six but trailed the Irish, 5-0, in over-all points 387-380.

Arkansas, 6-0, received the other vote for the top spot and had 21 points for fourth place. Nebraska, 6-0, retained fifth place with 242 points while Texas, 5-1, held sixth with 195.

Two teams were dropped from the Top Ten after losing last Saturday. Syracuse, eight last week, was beaten by Oregon State 31-13, and Virginia Tech defeated Florida State, 10th last week, 20-11.

The newcomers are Oregon, No. 7, and Georgia Tech, No. 8. The West Coast team blanked Washington 7-0 for its sixth straight victory while the independent Yellow Jackets nipped Tulane 7-6 for its sixth in a row.

Louisiana State, held to a 3-3 tie by Tennessee, fell from seventh to ninth, and Florida, 17-14

lost to Alabama and from ninth to 10th.

The Top Ten teams with first place votes in parentheses and points:

|                    |     |
|--------------------|-----|
| 1. Ohio State (32) | 439 |
| 2. Notre Dame (6)  | 387 |
| 3. Alabama (8)     | 380 |
| 4. Arkansas (1)    | 311 |
| 5. Nebraska        | 242 |
| 6. Texas           | 195 |
| 7. Oregon          | 119 |
| 8. Georgia Tech    | 80  |
| 9. Louisiana State | 72  |
| 10. Florida        | 69  |

## Duffy Praises Spartan Passer

EAST LANSING (AP)—Michigan State was still counting its blessings today after the 24-6 victory over Northwestern, a victory that is expected to give the Spartans a big lift in their upcoming meeting with Wisconsin.

Quarterback Steve Juday "has made great progress" with his passing, said coach Duffy Daugherty. He particularly liked the way Juday was getting away his throws on a rollout pattern.

The early lead allowed coaches to rest some key players and experiment with sophomores who hadn't seen any game action earlier in the season.

Regulars like halfback Harry Annon, guard Ron Goover, center Buddy Owens, defensive specialist Ed Macuga and end Doug Roberts were spared from hitting. This gave them another week to recuperate from nagging injuries before the trip to Madison.

State's 335 yards in total offense to 103 yards for Northwestern put the Spartans ahead of their opponents in total offense per game. MSU now has 247 yards a game in total offense to 241.8 yards for opponents.

Daugherty was a n e d, meanwhile, that Wisconsin is a potentially explosive team despite the 28-3 beating by Ohio State. The Badgers, he said, are bigger and heavier than any team the Spartans have seen so far this season.

## Sparring Mate Lauds Liston

PLYMOUTH, Mass. (AP)—You're the lone healthy sparring partner still standing against vicious goy Sonny Liston.

Your name—Amos (Night Train) Lincoln.

Your job—Stay alive...keep well...and prepare the ex-champion for his self-styled day of reckoning Nov. 16 with Cassius Clay, the man who lifted his heavyweight title.

You've watched 10 sparring mates fall battered and bleeding by the wayside. There's still three weeks to go.

"I love to see the late afternoon, it means I've made it through another one," confided Lincoln at Liston's plush white cliffs resort training camp Monday. Fresh sea breezes blow across this mayhem manor just a few miles from where the pilgrims—they never got past the amateurs—landed.

"Sonny's ready, mentally and physically," Night Train said. "He's going to knock Clay out real quick—the first time he catches him good in a corner."

"In the ring you can run so far and then the guy's going to catch you. Clay was looking for a way out in the fifth round the last time, saying 'My eyes, my eyes.'"

"I've been boxing for years. There's never been a man I couldn't tie up. But I can't do anything with Sonny. He's too strong."

## Seb Rubick New Coach At Nahma

NAHMA — Sylvester (Seb) Rubick, native of Manistique and graduate of Michigan State University, has been named basketball and track coach at Nahma High School.

Rubick succeeds Owen Peterson who resigned the position last spring to continue his studies at Northern Michigan University.

Rubick played basketball and football in his high school days at Manistique.

He graduated from Michigan State in 1963 and taught at Coks last year. Rubick served as coach of the Coks junior varsity basketball team the last half of the 1963-64 season.

## Wilt To See Action Soon

SAN FRANCISCO (AP)—Wilt Chamberlain, whose prolonged "stomach ache" has caused the San Francisco Warriors severe pain, is about ready to resume his role as pro basketball's most prolific scorer.

The 7-foot-1 Chamberlain, who has led National Basketball Association scorers for the past five seasons, worked out with the Warriors Monday for the first time since Sept. 21.

He was hospitalized for four weeks with what doctors finally diagnosed as an inflamed pancreas.

Team officials said today the 230-pound Chamberlain is on a controlled diet. He is avoiding fried food and carbonated beverages, they said, as well as cutting down on his daily intake of all foods.

Although the Warriors meet Baltimore tonight in Oakland, Calif., Chamberlain still won't be in the line-up. The towering center currently is on the injured reserve list, prohibiting him from appearances in the first five games.

But the man who holds nearly every NBA scoring record will be back in action Saturday when Baltimore visits San Francisco — and it won't be a bit too soon for the Warriors.

During the big man's absence, the defending Western Division champs lost their first four games.

## Davidson Rates Top AFL Passer

NEW YORK (AP)—Cotton Davidson, Oakland's second string quarterback until a couple of weeks ago, is the American Football League's No. 1 passer today.

Latest AFL statistics show Davidson, a nine-year pro veteran, on top in the league's passing efficiency ratings after a five-touchdown, 419-yard binge in last Sunday's 40-7 victory over Denver — the Raiders' first of the season.

The 30-year-old signal-caller, who considered retiring after losing his starting job to Tom Flores last year, completed 25 of 34 tosses and set a club record for passing yardage. His career-high performance shot him past Kansas City's Len Dawson in league passing figures.

Davidson received 52 of a possible 60 efficiency points, to 45 for Dawson and 41 for John Hadl of San Diego.

## Michigan Works On Pass Plays

ANN ARBOR (AP)—Michigan's offensive squad worked on medium and long-range passing plays Monday in preparation for Saturday's football game with Northwestern.

In a light workout, the defensive unit practiced measures to ward off the aerial-dominated Northwestern offense.

Coach Bump Elliott reported that defensive guard Bob Mielke suffered an ankle injury in last Saturday's 19-12 victory over Minnesota. Mielke did not practice Monday but is expected to return later this week.

## Braves Request Federal Court Jurisdiction

MILWAUKEE (AP)—The legal wheeling and dealing headed for another round today in the Milwaukee Braves' bid to move to Atlanta.

The Braves averted a Circuit Court showdown scheduled for today by asking Monday that the federal court take jurisdiction in the county's attempt to force the club to remain in Milwaukee and fulfill a contract which runs through 1965.

Although the Circuit Court hearing was canceled, a temporary order restraining the Braves from moving was continued. The order issued by Judge Ronald Drechsler prevented the club from seeking National League approval of a franchise transfer at a meeting in New York last week.

The Braves said in their federal court petition that "diversity of citizenship" was cause for moving the case out of the state courts. The club is a Delaware corporation with principal offices in Chicago.

U.S. District Court Judge Robert E. Tahan set Nov. 5 for a hearing. He said he would determine whether Wisconsin or Illinois is the Braves' principal

place of business and whether six Wisconsin directors who oppose the club's move are proper parties in the action.

In another development Monday, Mayor Henry Maier and representatives of several other cities issued a statement urging that a definite blueprint be drawn for major league expansion.

The statement also proposed banning transfer of a franchise unless a home community fails to support the team as measured by a formula that would include the investment return to the club.

The statement added that organized baseball should reaffirm its belief in the sanctity of contracts and local ownership should be given the first option on any sale.

Maier said the "statement of principles" will be sent to mayors of other large cities in the nation and a committee then will be named to meet with baseball leaders.

## Stan Mikita Starts Fast

MONTREAL (AP)—Fiery Stan Mikita, junior member of the Chicago Black Hawks' two-man demolition team, is off to an explosive getaway in defense of his National Hockey League scoring title.

Mikita, who with Bobby Hull, gives Chicago its best 1-2 punch since the Bentley brothers, lead, the league with a five-game total of 12 points.

The 24-year-old center hopes to become the first repeater as scoring king since Dickie Moore then of Montreal, achieved the feat six seasons ago. Max Bentley, in 1945-46 and '46-47, was the only Black Hawk ever to win two point titles in succession.

Mikita finished with 89 points last season — two more than Hull.

## Marquette Hockey Team Will Open Camp Nov. 2

The Marquette Iron Rangers, newest entry in the fast United States Hockey League, will open an intensive one week training camp November 2. Drills for the first week will be two hours each night from 7 to 9.

In addition to players from Canada and the city of Marquette who are already signed, candidates for positions are expected from Houghton, Hancock, Calumet and the American and Canadian Soos. Coach Oakie Brumm indicated that any player is welcome to try out and will be given every chance to make the team.

He said, "Although we have signed several players that doesn't mean that if someone better than they are comes along we will not use them. This is a brand new team and as far as I am concerned all positions are wide open. I want to encourage every boy in the Upper Peninsula who desires a chance to play big time hockey to report to training camp. There is only one way to find out if you can make the team and that is to try out."

Players Signed

All other teams in the league (Green Bay, Rochester, St. Paul and Waterloo) are starting their practices this week and the Iron Rangers will have their hands full trying to catch

up. All the other teams are veteran teams having played together for at least two years. Waterloo is the next newest team in the league and this will be their third year together. In addition to this Waterloo is the defending champion.

Players signed for the Iron Rangers so far this season are Canadians Wayne McQuig and Matt Oreskovic of Sudbury, Ontario, and Roger Veneski of Fort William, Ontario, all presently students at Northern Michigan University. Marquette coach Brumm is Jim Jacobson, son, Ron Johnson and Bucky O'Neill. The three Canadians are highly rated but untried in fast senior competition while Brumm, Jacobson, Johnson and O'Neill are all veterans players and can be expected to hold their own with anything the league has to offer.

Local Prospects

Other prospects expected to be in evidence at the training camp are Marquette's Richie Olds, Mike Greenleaf, "Pigeon" Summers and Ken Bullock. All are excellent skaters and have a wealth of local hockey background. If their passing, shooting and positional play can come up to their skating ability, their presence will be felt. Other players from the Mar-

quette Junior League who are now to old for competition are also expected to try out and will be given a thorough look-over. The American Soo will send three boys who were the stars of last year's Soo Realtors members of the Northern Ontario Junior "A" league. This team has since dropped out of competition and the players are all free agents.

Other Canadian players tentatively signed by the Iron Rangers but still in Canada pending visa receipt are John Harpell and Barry Cook of Dryden, Ontario and Goalie Bill Rowe of St. Hyacinth, Quebec. Harpell is a center and left wing while Cook is a defenseman. Both are excellent senior players and performed last year with the Dryden Rockets of the strong Minnesota-Ontario League. Rowe is a former Michigan Tech star having operated in the nets when Tech won the NCAA Championship a few years ago.

Under United States Hockey rules each team is allowed to sign 20 players, dress 13 for each game and out of this no more than seven can be foreign or Canadian players.

There are still some reserved seats available and they can be had by calling the Chamber of Commerce office in Marquette number 225-6591.

# MANISTIQUE

## Local Woman's Hymn Used In Church Service

A hymn "With God Abide" by Irene L. Davis of Manistique was sung and played at the 11 a.m. worship service in First Baptist Church Sunday.

Mrs. Davis composed the music and wrote words for the hymn and Margaret L. Shampine did the arrangement. The composition, with a tape recording of it, has been sent to spiritual music publishers at Grand Rapids.

Requests for it have been received from San Diego, Calif., Clarkson and Pontiac and other communities. Copies are sent on request to any church.

Marilyn Pitts sang the song and Mrs. Roy Pitts accompanied her Sunday.

North America has more than 50 kinds of oak trees. The most important is the white oak, which grows from Canada to the Gulf of Mexico.

## Judge Holbrook Visits Here In Campaign Bid

The new circuit court of appeals will afford litigants and attorney's in appeal a saving of time and expense, Donald E. Holbrook, candidate for judge of the court of appeals, third district, said here in a visit Monday.

The court will streamline review of cases and will be important, for a majority of the review cases will be settled by this court. All appeals from final judgment or orders in the circuit courts, recorders courts and court of claims will go directly to the new court for review. This will include criminal as well as civil matters.

The new court was created by the Constitution and activated by the State Legislature. Rules and procedures will be defined by the Supreme Court. The first district comprises Wayne County, the second, the 16 counties surrounding Wayne County and the third, the other 66 counties of the state.

Judge Holbrook has been a trial lawyer and circuit judge 32 years. For the past 16 years he has been a circuit judge for Clare, Isabella and Midland counties.

## Set Trial Date In Court Case

Three cases were continued to the January term in Circuit Court of Schoolcraft County, a trial date was set in one, and contempt orders were issued in three friend-of-the-court matters by Judge George S. Baldwin here Monday.

Judge Baldwin also named Atty. Robert Wood of Newberry to represent Gerald Dubs for an appeal to the new court of appeals on a second degree murder conviction.

The contempt citations were issued against Charles H. Niles, Robert A. White and David Ash.

In the law case of Albert Boyd vs. James Troxler, Dec. 2 was set as the day for trial by jury, with the defendant given to Nov. 18 to secure legal counsel.

The cases continued were Paul Theriault, vs. Turbojet Marine vs. Harold Bowman; Victor J. Schuster and State Farm Mutual vs. William P. Jensen and Pierre LeBrasseur; and Ruth Elavsky vs. Graydon Brewster and Kathryn Brewster.

## \$1,226 Paid By P&H For Ideas

Della Lemerand

George Bonamer

Harnischfeger Corp. employees in Escanaba earned \$1,226 in September for suggestions adapted by the company. The awards were paid to employees for ideas that are expected to save the company \$3,763 annually.

Leading Escanaba money winner in September was Della Lemerand, 925 Washington Ave., of the welder plant who designed a new die which enables a machine operator to wind two coils simultaneously. The idea replaces a system of winding only one coil at a time.

She was paid an initial \$157 award for her idea.

George Bonamer, 515 S. 15th St., of the truck crane plant, was paid \$116 for an idea to simplify the installation of truck crane cab doors. The suggestion eases both door installation and repair.

Patrick G. Sullivan, 502 Michigan Ave., Gladstone, and Barbara J. LaCroix, 601 1/2 Montana Ave., Gladstone, were other major award winners.

Fourteen suggestions were accepted during the month along with several second year awards. Under the provisions of the suggestion program, the company makes an initial 30 per cent payment upon acceptance of an idea and then pays a second award on the anniversary date amounting to an additional 20 per cent.

## Forty Hours Opens Saturday At St. John's

GARDEN — The Rev. James Donnelly has announced that the annual Forty Hours Devotion will be held at St. John's parish in Garden beginning Saturday, Oct. 31.

## Welding Chief Named By P&H

Harnischfeger Corp. announces that James B. Stearns has been appointed chief engineer for welding machine research and development.

Bernard Pratte, vice president of the welding products division, said that the appointment is directed at expanding and accelerating the company's welding machine research program.

"The strengthening of our welding machine development group," said Pratte, "will enable Harnischfeger to maintain the proper ratio between power source and electrode development. Machine development is designed to keep pace with the strides we are making in the P&H electrode and cored wire line at our new Monticello, Ind. plant."

Stearns joins Harnischfeger after eight years as a research engineer for the Lincoln Electric Co. of Cleveland. He is a 1956 electrical engineering graduate of Purdue University and a member of the American Welding Society.

Stearns will direct machine development at the company's Milwaukee research center. Harnischfeger welding machine manufacturing facilities are in Escanaba.

James B. Stearns

## Allow Donovan Murder Appeal

MENOMINEE—Terrence Donovan, 28, convicted of second degree murder in the slaying of former Escanaban Mrs. Robert Degnan, will be allowed to appeal his conviction, Circuit Judge Ernest W. Brown of Iron Mountain ruled.

Donovan was sentenced to life in prison April 5, 1961. He had pleaded guilty to the murder charge.

Mrs. Degnan, the former Mary Jane Heiden of Escanaba, was slain and her husband wounded north of Menominee Dec. 31, 1960 while the couple was enroute to Escanaba from Milwaukee.

Donovan, currently housed in the State Hospital for criminally insane at Ionia, had written Brown asking for an appeal. Brown said that under Michigan's new judicial code, adopted Aug. 1, Donovan was entitled to an appeal.

## Gum Bandit Is Charitable

A thief had second thoughts about a Kiwanis Club gum machine last week.

The machine, taken from Marco's restaurant, was found intact behind the building. With it was a note.

"I didn't know profits from this were used for retarded children," the note said. "I'd like to make a donation."

With the note was a \$1 bill.

## Bridge Tolls Study Ordered

Governor Romney announces appointment of a special study committee to evaluate the present financing method of the Mackinac Bridge.

The Governor has also asked the committee to make recommendations on the feasibility of reducing the toll rates on the bridge.

The study would include an analysis of the probable economic impact on the Upper Peninsula of lower bridge tolls.

Governor Romney named Frank G. Millard, Flint attorney, as chairman of the committee. Millard served as state attorney general from 1951-55, and was a delegate to the Constitutional Convention.

Also named are D. Hale Brake of Stanton, State Association of Supervisors; Harry R. Hall of Lansing, Michigan State Chamber of Commerce; Guy H. Hamel of Cedarville, realtor and active promoter of tourism in the Upper Peninsula; and Dr. Kenneth Parkhurst of Marquette, acting head of the Department of Economics, Northern Michigan University.

One proposal which the Committee will evaluate involves refunding bonds issued by the Mackinac Bridge Authority, and issuing general obligation bonds at the lowest possible interest rates. If substantial savings in interest payments could be realized, it would be possible to lower toll charges.

## Disabled Vets Warning Public

The Better Business Division of the Escanaba Chamber of Commerce has been advised by the Disabled American Veterans organization that there is no connection between their organization, and that of salesmen or peddlers selling plastic rosettes, patriotic calendars, emblems, etc., or collectors picking up household discards—and identifying themselves as "disabled American veterans".

"The public should not be misled into believing that they are donating to the Disabled American Veterans organization, or that Disabled American Veterans organization has any responsibility for such representation," said Walter Lewke, C-C manager.

If the public has doubts about solicitation it is asked to contact the police or Chamber.

More than 2,500,000 warm water fish are caught annually in Colorado lakes and streams.

## MEA District Meeting Held At Carney School

HERMANVILLE—Leo Alperovitz, superintendent of Hermansville Schools, and president of the Menominee District of the Michigan Education Association presided at the regular fall meeting recently at Carney High School. Members of the Board of Directors present included: Neil Veaser, Powers-Spalding, past president; Floyd Paronto, Wallace, treasurer; John Frost, Hermansville, secretary; Edward Wieciech, Powers-Spalding, delegate of the Representative assembly; Clifford Luft, Carney, host Chapter president.

The annual spring dinner meeting was set for April 26, with the president of the MEA as featured guest.

The membership adopted an amendment to the constitution to read that the terms of all officers with the exception of the delegate to the Representative assembly will be for a period of one year. Previously all terms were for a two-year duration.

Edward Havitz, regional past president of Escanaba, was welcomed to the membership. He spoke on the "Home for Retired Teachers" which is about to materialize in Saline.

Featured speaker for the evening was Arnold Korpi, MEA field representative in Regions 16, 17, 18. His talk, entitled "Tenure and Its Implementation," emphasized the importance of establishing good school policies on paper jointly with the board of education and its superintendent.

## Jazz All Stars At NMU Today

MARQUETTE—The Newport Jazz Festival All Stars will appear at Northern Michigan University Tuesday. The group, led by George Wein, Pianist-maestro, will present a concert at 8:15 p.m. in the gymnasium of the Physical Education Building. Other members of the group are Ruby Braff, cornet; Pee Wee Russell, clarinet; Bud Freeman, tenor sax; Marshall Brown, trombone; and Eddie Phylfe, drums.

Tickets will be sold at the door.

## Briefly Told
